- a) Determine that a fee is payable in connection with any occurrence or circumstance.
- b) Waive, in whole or in part, any fee payable pursuant to those *special regulations*; or

In the case of Hendra virus in horses from an endemic area, complete, true and correct documentary evidence is mandatory to prove that the exhibit is covered for Hendra Virus for the duration of the RNCAS Royal Canberra Show; and must be submitted to the RNCAS representative on arriving for entry to the showgrounds. That evidence, through a health declaration and, where applicable, a veterinary certificate, must prove that the exhibit has a current vaccination status against Hendra virus for the duration of the show. Please refer to the *Hendra virus vaccination policy* at www.rncas.org.au/horse. For those exhibits who have had a recent vaccination administered, it would be advisable to have a veterinary certificate from the administering Vet to support your horse health declaration.

HORSE SECTION- CAMPING RULES AND REGULATIONS

INTRODUCTION

These Camping Rules and Regulations are applicable to the Horse Section only.

Before completing your online camping application, please read these rules and regulations with the General Regulations and Special Horse Regulations. Your completed online application confirms you have read and will abide by the Regulations.

Campers must always abide by the directions given by the Camping Supervisor and/or Support Staff of the Camping Section; failure to do so will lead to penalties, which could include the removal of the offending person(s), vehicle(s) or animal(s) from the show ground.

All camping enquires will only be accepted via email at horse@rncas.org.au

CAMPING APPLICATION AND PAYMENT

Exhibitors/competitors are required to apply for camping on their application for entry. Payment for camping will be required after you have received your Entry Confirmation but must be paid prior to **31 January 2026**. Your camping cannot be guaranteed after this closing date.

The camping cost is on a flat fee basis for the period **10.00am Sunday 15 February to 8:00am Monday 23 February 2026** and is calculated in accordance with the table below. Camping onsite is only permitted during these times.

CALCULATION OF SITE REQUIREMENT - plus Annexes

A standard camping site is **16m x 5m**, however, larger sites are available for larger vehicles and vehicle float combinations. If vehicle or vehicle float combinations and/or camping facilities, when fully set up, **exceed 16m x 5m**, you are required to book an extra non-powered space. **Please ensure annexes are included in your measurements.** Most annexes are 3-4 meters wide. If you do not book the extra space, and you are found to be over the required space allocation, you may be requested to pay additional site fee or asked to remove equipment/vehicles; or asked to relocate to another site under the direction of the Camping Supervisor.

A vehicle registration number must be listed when entering online to receive an authorised camping sticker. Only one authorised camping sticker per camp site will be issued. No additional/unauthorised vehicles will be granted access to the showground. Excess vehicles will be required to park outside the Showground in the public car park.

An authorised vehicle must only be parked on the site booked, or allocated area. Any vehicle found to be parked in any location other than the allocated area will be removed from the showground and costs for such removal will be at the expense of the Exhibitor/Competitor.

No leisure or recreation equipment, such as inflatable pools, etc. will be permitted in the camping grounds, or on the Showground. Removal notice and time will be given and if not removed in the prescribed time, it will be removed at the Campers expense. The RNCAS will not be responsible for any loss that occurred in removing the unauthorised equipment and penalties may be applied to the Exhibitor/Camper.

ELECTRICITY

Each powered site fee is calculated on the supply of one 15-amp power outlet. Additional power requirements may be supplied at \$120.00 per additional outlet, if available. General rule will be 1 site = 1 power outlet. Only if spare power outlets are available will they be allocated and must be paid for prior to connecting. A Power Lead tag (power paid) will be provided to all campers who have paid for power and must be affixed to your power cord within 1 meter of the plug in point of the power box. Any power leads found connected to a vehicle, camp site or equipment that does not have a power paid tag will be disconnected. The RNCAS will not be held responsible for any losses due to the power being disconnected. All power leads are to be provided by the Exhibitor/Competitors. All power leads are to be for outdoor use only, no white indoor power leads permitted.

It is compulsory for all power leads, including new leads, to be safety tested and tagged as such before they can be used on the showground. Unauthorised and untagged power leads will be removed. Safety Officers will be inspecting camping sites for compliance and have the authority under WHS Legislation to issue penalties.
